★How to take out for collection ～Plastic～

Type	Items	Recycle mark
Plastic	Stationery, Toys, food tray, Wrap, styrene foam, Plastic bottle cap/label , washbowl, bucket, Rinse off any excess dirt or contents with water before putting out for collection. Put in a transparent/translucent bag (plastic bags are ok too) and take it to the collection point.	

【Attention】

What is dirty is unburnable garbage.

★How to take out for collection ～Oversized garbage～

We don't collect oversized garbage.

Bring garbage by yourself to the final landfill site.

Take you can't take items yourself, asks a village-licensed company to handle them. (Fee charged)

★Non collectables

○Electric household recycling

TV, refrigerators, freezers, dryers, air conditioners. Ask the manufacturer to collect your used computer.

As a rule, ask the store of purchase to handle your used item.

○Personal computers

Please ask Renet Japan Recycle Co. Ltd. They will collect up to one computer free of charge for each application, even if it does not have the computer recycling mark. Please see Renet Japan Recycle Co., Ltd.'s homepage for details. (<https://www.renet.jp>)

○Dangerous Garbage

Please consult your dealer. (cassette gas cylinders, Fire Extinguisher, Battery, motorcycle, Tire)
